Marvelous Mysteries

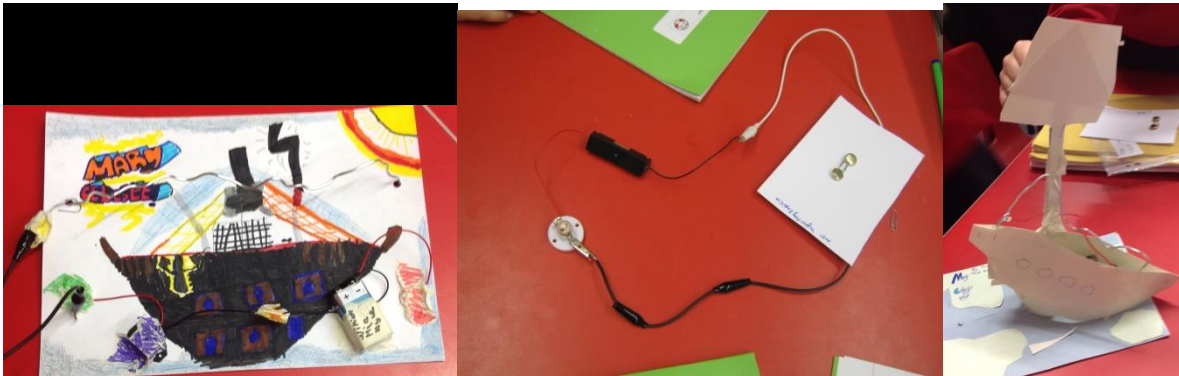

Hook: Visit to Winchester Cathedral

History: There were lots of Anglo Saxon mysteries for us to discover both at the cathedral and when we returned to school

Literacy: Class 4 wrote their own Mysterious story opening and new 'Lost Happy Ending'

Design Technology: Linking with our Electricity Learning in Science we learnt how to make circuits and switches, researched Buzzer games and make a 'Mystery' themed game to test manual dexterity.

Art: We studied 6 different mystery artists and after finding out about their influences and styles we then created pictures emulating their style.

Digital Literacy: Linking to our **Art** we studied Piet Mondrian and then used Revelation Natural Art to create.

Computing: Linking to our **Maths** we used Logo to draw different 2D shapes and learn about their properties

PE: Class 4 had football coaching with a professional coach and created a dance linked to Anglo Saxon life.

End goal: Winter Warmer - sharing our stories and games with our parents
